

# 25<sup>th</sup> Poppyline Marathon, 7<sup>th</sup> June 2009, Results

The weekend was much cooler than the previous (or following) ones, and although the Saturday was dry, Sunday was rather mixed. After an early shower the morning's walk was dry, but from mid-afternoon onwards the rain fell - rather worse for the checkpoint staff than the walkers. There were no retirements, and no one changed to the short route. In all 20 people finished the short route (26 in 2008) and 94 the long route (76 in 2008).
