The walk was 52.1 miles this year, with several changes from last year. One less railway track, no beach and an extra checkpoint. Comments on route and checkpoint closing times have been saved for the future. From an entry of 108 (89 last year) there were 87 completions (63 last year), 6 non-starters (12 last year) and 15 who did not complete the full distance (probably mostly due to the heat). Congratulations once more to Clive Fraser, the only walker to have completed all 9 events (in fact, no one else has completed 8!)

The route is plotted using Tracklogs/OS 1:25 000 mapping (as you'd have seen from the route maps on display at the start). Tracklogs makes it 52.1 miles, 900 m ascent, 92 m max elevation.

Marshals and other helpers this year were:

David, Chris C., Brenda Ryan, Kath & Brian, David, Julian, Chris F., Stan, Phillip, Gordon, Phyllis, Jessie, Margaret & Lawrie Chorley, Chris & Sid Kenworthy, Sally, Bill, Joyce, Frank Bigg, Rosemary, Pete, Clare, Carol, Sally, Bill, Chelle, Michael, Carol, Alex & Jean and Essex & Herts Group at CP2.

...with thanks to Alfie as always for the start/finish and Raynet for the communications; apologies to those I have missed out.

Route checking and walking the route out (various dates): Kath & Brian Schuil, Jayne Cook, Alex Herbert, Bobbie Sauerzapf, Chris Chorley & Parsley (who did it over several weekends and didn't manage to get to the Spread Eagle this year, but the Wheatsheaf was up to standard). Chelle, Michael and Clay started the walk from Friday at lunchtime and completed it at 6am on Saturday on the morning of the event, before a sleep and then working as marshals!

Lost Property: A big black torch, a mobile phone and one legionnaire's cap, if anyone has one of these items which is not theirs would they contact Norfolk and Suffolk Group to arrange its return to the owner.

Found Property: A zip-neck pullover,
A fancy glasses case,

A zip document case containing a Tracklogs printout of the route, a route description and August 2007 Strider,
A Maglite labelled 'Cantley Sugar Factory' and an 8-led headtorch.
