# 10<sup>th</sup> Poppyline 50, 2<sup>nd</sup>-3<sup>rd</sup> August 2008, Results

The walk was 52.4 miles this year, with several changes from last year. Returning to the beach and going further south and east (missing out the loop westwards to Holt). From an entry of 126 (108 last year) there were 103 completions (87 last year), 10 non-starters (6 last year) and 3 who did not complete the full distance (the cooler – if wet early on – weather probably helped reduce the number of retirement). Congratulations once more to Clive Fraser, the only walker to have completed all 10 events (in fact, no one else has completed 9!)

This was the 10<sup>th</sup> Poppyline 50 and the organising team has decided to take a break from the hard work involved for our small group and to not organise the event next year. There may (or may not) be an event in 2010.
